# Chromium Carbide Overlay

## Full Chromium Carbide Overlay

- Blade face 100% lined with 3/4" Chromium Carbide Overlay
- Natural Anti-Sticking characteristics for easy cleanup
- Extremely durable
- Longest lasting option on the market today

## Mounting Pad (Foot)

- Made from 3/4" AR400
- Oversized pad allowing 30-50% more wearable surface area
- Protective chromium plate welded on the front to help protect the bolts

## Support Pedestal (Leg)

- 1/2" Chromium Carbide on both sides of pedestal prolonging longevity and reducing concrete adhesion

"We have found that Shumaker's replacement blades with the chromium liners are well worth the money. In fact, we have documented getting 3 times more life out of Shumakers replacement blades compared to the original factory blades that came with the drum."

**James Progar**

Regional Plant Maintenance Manager  
Titan America

## OUR BLADES FIT THE FOLLOWING MIXERS:

**ERIE STRAYER | REX | ROSS | JOHNSON | MTM  
CON-E-CO | VINCE HAGAN | INVENTURE**

# OVER THE PAST 70 YEARS WE HAVE WORKED TO BUILD ***A Better Blade***

***Little things add up to make BIG differences. Our Central Mix replacement blades begin with high quality American-milled steel.***
